

**Din (7/16) Male to 4.3-10 Male 10ft Low PIM factory made jumper**

Part Number: 123-1DMHM-10-P

Din (7/16) Male to 4.3-10 Male 10ft Low PIM factory made jumper. The overall design has few internal components which in turn reduces the inter-modulation distortion (IMD). Each assembly is optimized to produce low passive third order inter-modulation. Assembly PIM test performance averages -165dBc. Each jumper is individually certified to guarantee performance. MADE in the USA

ELECTRICAL SPECIFICATIONS

Impedance	50 Ohm
Return Loss	-30 db
PIM	-165 dBc
Frequency Range	600-3000 Mhz

ENVIRONMENTAL SPECIFICATIONS

Weather Standard	IEC 68 40/85/ 21
Operating Temperature	-40°C to +85°C

PHYSICAL SPECIFICATIONS

Maximum Bending Radius	2.00"
Jacket Material	PE - UV Resistant
Outer Diameter	.63in
Jacket Color	Black
Connector A	Din 7/16 Male
Connector B	4.3-10 Male
Cable Length	10 Foot
